

The Worcester Greenstar 4000 system (12-24kW)

Why install a Greenstar 4000 system?

- ▶ The modern new design comes with an easy to use colour display
- ▶ Suitable for homes where the heating system includes a hot water storage cylinder
- ▶ Features wireless connectivity with the Bosch EasyControl
- ▶ Wide power range helps to reduce gas consumption and lower energy bills
- ▶ 100% planet friendly packaging
- ▶ Our quietest system boiler, making it easy to live with
- ▶ Can be used with Greenskies solar panels for energy and cost savings.

Accessories

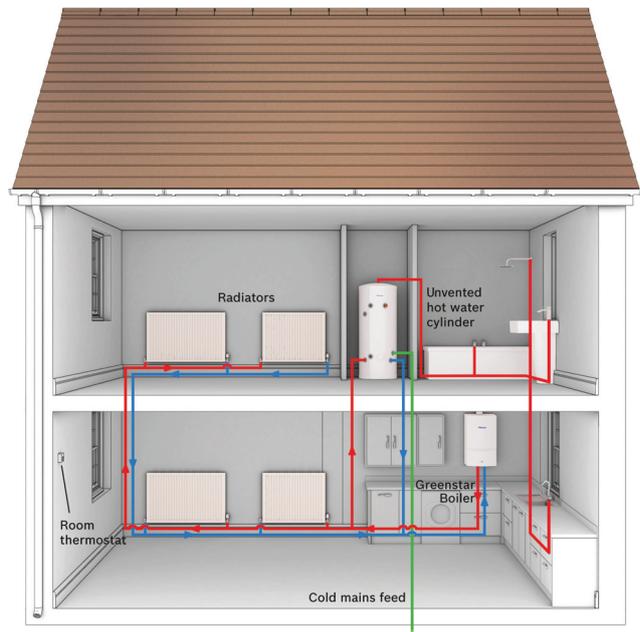

Boiler dimensions

The Greenstar 4000 range is the perfect size to fit between your wall-mounted kitchen cupboards.

*case height = 710mm

Know your system

System boilers require a cylinder for storing hot water, however the major heating and hot water system components are built into the boiler itself, making it quicker and neater to install.
